TABLE CLINICS

Dr. Rowe Smith 405 East Fifth Street Texarkana, Arkansas-Texas	"Diagnosis and Treatment of Periodontal Disturbances Associated with Buckling of Lower Anterior Teeth."
Dr. Justin D. Towner 1206-11 Exchange Building Memphis 3, Tennessee	"Instruments and Instrumentation."
Dr. Edgar James 1802 David Broderick Tower Detroit 26, Michigan	"Functional Analysis of Occlusion."
Dr. Allison G. James 409 North Camden Drive Beverly Hills, California	"Conservation of Supporting Structures in Multiple Tooth Replacements."
Dr. Bernard S. Chaikin 29 Commonwealth Avenue Boston, Mass.	"Indications for Gingivectomy and Subgingival Curettage."

INDEX

The Journal of Periodontology, Volume 22, 1951

JANUARY

The Uneven Distribution of Calculus in the Mouth	S. Wah Leung	7
Papers Presented on Conference on Periodontal Disease		
1. Terminology and Classification of Gingival and Periodontal Disease	Isaac Schour	10
2. Epidemiology of Periodontal Disease	C. D. Marshall-Day	13
3. Studies in the Etiology of Periodontal Disease	Maxwell Karshan	23
4. Calculus Formation	Harold C. Hodge	27
5. Systemic Relations in Periodontal Disease	Donald A. Kerr	27
6. Changes in Bone and Cementum in Periodontal Disease	J. L. Bernier	29
7. Orthodontics and Periodontal Disease	Clifton O. Dummett	34
8. Tissue Metabolism and Periodontal Disease	Irving Glickman	41
Announcements		47-58
Editorials		48
President's Address	Dickson G. Bell	50
Discussion of "Bio-Mechanics of Periodontal Disease"	B. Orban & H. Sicher	55
Discussion of Doctors Orban and Sicher's Discussion	E. R. Granger	56

APRIL

Experimental Periodontal Reattachment in Rhesus Monkeys	Sigurd Ramfjord	67
Significant Considerations in the Prognosis of Periodontal Disease	Clifton O. Dummett	77

Relation of Gingivitis to Dental Caries and Malocclusion In Children 14 to 17 Years of Age	Maury Massler	87
Calcified Bodies in the Gingiva	William H. Hiatt	96
Case Report—Periodontosis in a Child Resulting in Exfoliation of the Teeth	S. Leonard Rosenthal	101
Announcements		100, 119-123
Editorials		104
An Appraisal of Developments in Periodontology from 1901-50	Harold J. Leonard	107
Letter to the Editor	John Oppie McCall	124

JULY

Muscular Force, Occlusion and Function as Etiologic Factors in Periodontal Disease	Max Gratzinger	131
Interesting Findings in Routine Gingival Biopsy	Arnold A. Ariaudo	144
An Instrument for Measuring Tooth Mobility	R. S. Manly, A. Yurkstas, & J. B. Reswick	148
Electrosurgical Gingivoplasty—A Technic	Marvin M. Sugarman	156
Editorials		162
Announcements		161, 165-169
Raising the Line of Epithelial Attachment and Increasing Depth of the Clinic Root	P. Adler	169
The Role of the Blood Clot in Periodontal Treatment	C. Kenneth Collings	171
Abstracts of Interest to the Periodontist	Celia Rich	174
Books Received		187

OCTOBER

Experimental Evidence of Systemic Influence on the Development of Periodontal Disease	Paul E. Boyle	195
A Method of Post-Gingivectomy Pack Stabilization	John S. McKenzie	201
Relation of Malnutrition, Endemic Dental Fluorosis and Oral Hygiene to the Prevalence and Severity of Gingivitis	Maury Massler and Isaac Schour	205
Modified Gingivectomy	M. D. Wolfsohn	212
Pathological Temporomaxillary Mandibular Relations	Harold G. Morris	216
The Cervical Enamel: Its Physical Characteristics During Curettage	A. B. Riffle	225
The Maintenance Phase of Periodontal Therapy	Richard Chace	234
Clinical Research Needed for Erosion-Abrasion	Charles F. Bodecker	241
Announcements		246
Index for Volume 22		251
